Profile

With 4 and a half years of work experience at a reputed university, I have been fortunate to gain understanding of working with people from different social, cultural and ethnical backgrounds. My geographically dispersed education from Denmark and Pakistan has allowed me to gain insights into different work environments. I am well spoken, highly motivated and goal-oriented individual. My focus is to create a constructive and effective atmosphere while being part of a team.

Experience

August 2019 - June 2020	**Departmental Operating Officer, COMSATS University Pakistan** **Responsibility:** • Coordinated and managed various areas of responsibility within the department. • Coordinated and communicated with student representatives. • Been a link between department, administration and students.
Feb 2015 - June 2020	**Lecturer, COMSATS University Pakistan** **Responsibility:** • Conducted lectures and examinations • Rated and compiled results • Performed other tasks assigned by the department • **Courses taught:** Software Requirements Engineering, Software Engineering I, Software Engineering II, Software Engineering Concepts, Software Project Management, Introduction to Computings, Programming Fundamentals (C/C++)
Sept 2013 - Dec 2013	**Teacher Assistant, University of Denmark** **Responsibility:** • Assistant teacher in group work. • Helped the students with any academic questions. • Helped the professor to carry out various experiments during the course.

Education

2012-2014	**Masters in Computer Science and Engineering, Technical University of Denmark.** **Final project:** *"Weaving Requirements Fragment: n Empirical Investigation"*.
2007-2011	**Bachelors in Computer Science, COMSATS Abbottabad.** **Final project:** *"Watermark Algorithms".* **3.7 CGPA**; Institute and Campus Medals
